Are you spoiling your appearance with the old kind?

Why do it, when you can get a bifocal without a seam or a hump in it? Those lines obscure your vision. Besides, they make you look older. KRYPTOK (pronounced Kriptomok) Glasses give you perfect near and far vision without those annoyances. They are as smooth as single vision glasses.

WHY THEY "BATTED LEFT"

Johnny Evers, baseball star now in France, tells of an amusing experience he had with a group of French soldiers belonging to Gen. Vidal's troops.

All the men, eager to learn, batted with their left hands. After a while Evers, who tells the story in United War Work Campaign interest, discovered that they did so because he, being himself a left-handed batter, had shown them. They weren't left-handed, the Frenchies—they were simply trying to learn the new game.

Evers, the hero of several world's championships, is attached to one of the seven organizations devoting their time to the welfare of the American sailors, rookies and marines.

Sincere Gratitude

We wonder how the towns celebrated who had no railroad boys. The Frisco men at Monett have shown themselves to be true patriots ever since the war started and in the Monday celebration they had a prominent part. The engine whistles and bells announced the good news and then kept the good news repeating all day and at night. Monett did not lack in noise and everyone was happy to know that right had been victorious.

Har Schaffner & Marx Clothes for True Economy

"The best is the cheapest"—an ancient wisdom; the deep truth of it is now being made clearer. Clothes made of right materials in the right way last longer and look better; you pay more for them, but they cost less than poor stuff.

The reason we talk about Hart Schaffner & Marx clothes and say that if you need clothes they're the ones you ought to buy, is because the long wear and satisfaction you get makes them the least expensive clothes we know of.
